STARTRANS GROUP

Routing of Rail transportation: the connection between Asia and Europe

STARTRANS GROUP

Now: EFFICIENT RAIL TRANSPORT

With a transit time of 12 – 16 days between Hamburg and Zhengzhou (Henan, China). Rail transport is an interesting alternative to both sea freight (Hamburg-Shanghai around 30 days, plus the port clearance time at the port of shipment and the receiving port) and costly air freight

Westbound from Zhengzhou to Hamburg:

LCL/groupage and FCL/full container

- 4 departures per week
- Transit time 12-16 days
- Easy booking and shipment processing
- Neutral door to door service from China to Europe
- Outbound FCL and LCL delivery into our bounded Gemany warehouse
- E-logistics services (Rail import shipment information via e-mail and reporting)

STARTRANS GROUP
